

SENATORS AGAIN DEBATE SENDING TROOPS TO RUSSIA

Action of Administration Defended by Sen. Hitchcock

WASHINGTON, Jan. 9.—Operation of American troops in Russia was defended and criticized today in the senate, half a dozen senators participating in a vigorous debate which continued several hours.

Senator Hitchcock of Nebraska, chairman of the foreign relations committee, opened the discussion by delivering a prepared speech in reply to recent addresses of Senators Johnson of California and La Follette of Wisconsin, Republicans who had sharply criticized retention of American soldiers on Russian soil. Senators Johnson, Borah of Idaho, and France of Maryland, Republicans, replied to Mr. Hitchcock and Senators Swanson of Virginia and King of Utah, Democrats, defending the administration's course.

Chairman Hitchcock justified intervention in Russia, denounced the Bolshevik government as pro-German and declared that the expeditions in both Northern Russia and Siberia were purely defensive and entirely friendly to the loyal Russian people. Reports of fighting by American forces in Russia have been "grossly exaggerated," said Senator Hitchcock, as only 125 Americans have been killed since the landing at Archangel.

From Vladivostok to the Ural mountains, he said, there has been no fighting for months and the interallied forces have been received by the Russian people with "open arms."

Borah Opposes Intervention.

Senator Borah in reply, opposed any intervention with Russian internal affairs. Without criticizing the sending of troops to Russia, Senator Borah said retention of American forces there now is justified only in holding military stores from the Germans or in carrying out the general purposes of the war against Germany.

Senator Swanson, in defending the administration's course, cited President Wilson's statement in his fourteen peace principles and declarations in the armistice terms imposed on Germany as assurances that America is friendly to the Russian people and that Russian territorial and political integrity and independence are assured.

The administration's policy was attacked by Senator France as suspiciously secretive.

The Maryland senator contended that Russia was a neutral when her soil was invaded by the allied and American troops and declared that "the invasion" of Belgium was most unexplainable and inexcusable.

Senator Nelson of Minnesota, Republican, asserted that Bolshevism is losing ground gradually, while Senator King expressed regret that greater vigor had not been exercised by America and the allies for the purpose of walling the Bolsheviks—those murderous madmen.

Before the senate adjourned, Senator Thomas, Democrat of Colorado, announced he would discuss the Russian situation when the senate reconvenes next Monday.

Taxes Paid By Corporations To Be Increased

WASHINGTON, Jan. 9.—Corporations will pay income taxes of twelve per cent on their 1918 earnings and ten instead of eight per cent thereafter under agreements reached late today by senate and house conferees on the war revenue bill.

The conferees adopted the twelve per cent rate for 1919 collection, as proposed in the bill as it passed the senate. The house managers agreeing to elimination of the house provision levying an additional six per cent on undistributed dividends of corporations. In revising the corporation income tax affecting earnings of 1919 and subsequent years which these conferees had fixed at 8 per cent, the senate and house managers reached a compromise making the rate ten instead of eight per cent.

Some Estimates.

It is estimated under the new rates the corporation tax will yield about \$750,000,000 this year and \$600,000,000 annually thereafter, as against about \$894,000,000 estimated from the original house rates.

The conferees also adopted, substantially, the senate provisions allowing deductions, in calculating corporations' income taxes, of dividends received from other corporations. They also approved the senate provisions exempting so-called personal service corporations from the corporation tax rates, but added an amendment to deny such exemptions to these corporations where fifty per cent or more of income is derived from profits or commissions on government contracts.

The senate plan of providing for payment of income taxes in four installments, instead of three as proposed by the house bill also was approved.

In revising the individual income tax section the conferees adopted the house provision requiring individuals with net income of \$1,000 or more to file returns, striking out the senate amendment requiring returns if gross income is \$1,000 or more.

House Action On Dry Amendment Next Tuesday

SPRINGFIELD, Ill., Jan. 9.—House members except in a few instances departed for their homes this afternoon following the agreement between both "wets" and "drys" to postpone action on the federal prohibition amendment until next Tuesday.

Leaders among the anti-liquor forces began laying their plans immediately on adjournment this morning for a field day and friends of the federal resolution from all parts of the state are expected to be in the city when the measure comes up Tuesday morning.

The semi-annual meeting of the Illinois Anti-Saloon League board of directors is called for Tuesday here, which, it is said, will bring to this city a large number of active league workers.

While "wets" agreed to take up the prohibition amendment next Tuesday, leaders among the "drys" forecast a hard fight on the part of the saloon supporters to defeat the "dry" resolution. It was suggested that an attempt would be made to bring about a referendum on the issue as a means of deferring action for two years.

Ratification of the prohibition amendment by the senate Wednesday night was said by "drys" to have added strength to their ranks in the house where they now claim 83 votes, 77 being required for approval.

THREE R. R. PROPOSALS BEFORE CONGRESS

WASHINGTON, Jan. 9.—Three well defined proposals for legislation dealing with railroads are before congress.

Railroad executives today presented to the senate interstate commerce committee their plan calling for private ownership and operation under regulation of a secretary of transportation, a new cabinet officer with statutory guarantee of adequate earnings, rates to be proposed by the roads and subject to review by the secretary of transportation and interstate commerce commission and with the cabinet officer authorized to supervise pooling of equipment, common use of terminals, re-routing of traffic, mergers, construction of new lines and issuances of securities.

Previously the interstate commerce commission had suggested a policy of private ownership and operation under government regulation.

Director General McAdoo had advocated continuation of government control for five years and as an alternative early relinquishment of the roads from federal management.

SWEDISH SEAMEN STRIKE

Stockholm, Jan. 9.—The strike of the Swedish seamen's union has spread to virtually all ports and is endangering the supplies of foodstuffs and raw material. The strikers have rejected government mediation.

COL. ROOSEVELT'S ESTATE VALUED AT HALF MILLION

Entire Estate Left In Trust To Mrs. Roosevelt

OYSTER BAY, N. Y., Jan. 9.—Colonel Theodore Roosevelt's will made in 1912, was read to members of the family at Sagamore Hill today and probably will be filed with the surrogate of Nassau county tomorrow.

Altho the value of the former president's estate was not made known it was understood to amount to not more than \$500,000. According to Attorney George C. Cobbe of New York, who read the will, the document provides that the entire estate, with the exception of the family silver and plate shall be held in trust for the widow during her life and gives her power to dispose of it by will as she sees fit. In the event she leaves no will, the estate is to be divided in equal parts among the children. The silver and family plate, Mr. Cobbe said, are to be divided among the children, as is a \$60,000 trust fund left to Colonel Roosevelt by his father.

Trustees of Estate.

The will named as trustees Lieutenant Colonel Theodore Roosevelt, Jr., and W. Emlen Roosevelt, a cousin of the colonel.

Mrs. Roosevelt, who was unable to attend the funeral yesterday, will visit the grave in Young's Memorial Cemetery tomorrow, after which she will leave Sagamore Hill for a brief visit to Colonel Roosevelt's sister Mrs. William Sheffield Cowles, at Farmington, Conn. She will be accompanied by Mrs. Ethel Derby and Captain Archibald Derby.

Hundreds of visitors thronged the cemetery today and it was learned that one of the reasons for the stationing of a military guard of honor about the grave was to prevent "souvenir hunters" from carrying away the floral tributes.

As the visitors stood about the grave this afternoon an army airplane from Quentín Roosevelt Field at Mineola flew low and dropped a laurel wreath which landed squarely on the grave.

Telegrams, cablegrams and letters of condolence continued to pour into Sagamore Hill today and Captain Roosevelt said that all which bore addresses would be answered. He expressed the appreciation of the family for the many messages which gave no addresses to which replies could be sent.

Pershing Sends Message.

Among today's messages one was from General Pershing addressed to Mrs. Roosevelt.

It read:

"In the untimely death of Colonel Roosevelt the whole nation will deeply mourn the loss of her great citizen and soldier, and the world one of the most striking characters of our day. I feel most deeply the loss of a personal friend. I send you my most sincere and most heartfelt sympathy in this, your saddest hour of bereavement."

Captain Roosevelt today sent a telegram to the United States supreme court acknowledging that body's message of condolence. He asked also that a statement "to the effect that Colonel Roosevelt's death was anticipated by his physicians and friends," be corrected. Death was totally unexpected he said and "was not caused by the illness which had previously confined him to the hospital."

EXTREME PROFITEERING IN MEAT PRICES

Predicted Unless Control of Private Cars, Stock Yards and Terminal Refrigerator Plants Are Taken from Packers.

Washington, Jan. 9.—An extreme profiteering in meat prices after the food administration ceases to function unless control of private cars, stock yards and terminal refrigerator plants is taken from the packers was predicted today by Walter L. Fisher, counsel for the marketing committee of the American Livestock Association and former secretary of the interior. Mr. Fisher was testifying before the senate interstate commerce committee, at hearings on the pending bill providing for government control of these marketing facilities.

The witness declared "prices would bump the ceiling" and at the same time there would be danger of diminution of production if the government took no action to curb what he described as a "rational monopoly" maintained by the five leading packers.

Mr. Fisher urged that the stock cars, refrigerator cars, stock yards and terminal refrigerator plants be taken over by the government for permanent "real control" of the packers. If this failed, he would try government licensing of packers and would advocate government ownership of packing plants only as a last resort.

ACTION ON FAMINE RELIEF BILL DELAYED

WASHINGTON, Jan. 9.—Altho their efforts to have the house rules committee report a rule for immediate consideration of the bill appropriating \$100,000 for famine relief in Europe failed today, administration leaders are hopeful tonight they had not given up hope of early consideration of the measure.

Another attempt to get the committee to report out a rule will be made soon it was said, and if this fails the bill will be offered as an amendment to some other measure before the house.

In the meantime, the bill, passage of which has been requested by President Wilson remains on the house calendar and its opponents said it would stay there until the administration explained more definitely where and how the money is to be used.

The vote against the rule today in committee was five to three, but a favorable action when a new effort is made to get a rule was indicated tonight when Representative Kelly of Philadelphia, independent announced he favored the bill. His vote in committee with the six Democratic members, leaders gave a majority over the four Republicans and one Progressive who today kept the bill on the calendar.

DISCUSS PROHIBITORY IMMIGRATION LEGISLATION

Washington, Jan. 9.—Prohibitory immigration legislation was discussed today by the house immigration committee, which decided to hold hearings on the subject beginning next Tuesday.

Chairman Burnett's bill prohibiting immigration for four years after the signing of the peace treaty was selected by the committee as subject for the hearings.

Plans Underway To Establish Supreme Council

LONDON, Jan. 9.—The Associated Governments have decided to establish a supreme war council consisting of two representatives each of France, Italy, the United States and Great Britain according to an official statement tonight to deal with the questions of food, finance and shipping resources with relation to revictualing and supplying liberated and enemy territory and to coordinate such work with that done for allied and neutral countries. At the request of the war cabinet the Earl of Reading and Sir Joan Beale will, for the time being, represent Great Britain. They will start for Paris immediately. Herbert C. Hoover and Norman Davis will represent the United States and Etienne Clementel, the French minister of commerce and M. Valgrin, France.

"Certain emergency measures the outcome of informal discussions are already affording relief to Serbia and Roumania," the statement says. "Concerning Austria and Germany the inter-allied commission has been working for some time and has already visited Vienna and Prague. The food situation in these territories is serious and is rendered more serious by transport and financial difficulties.

"In the interim arrangements are being made for the supply of a certain quantity of foodstuffs and some supplies have already been sent to Vienna. But further action doubtless will be required when the commission is able to report to the supreme council."

REPUBLICANS Will Meet In Chicago Today

CHICAGO, Jan. 9.—Party leaders from nearly every state arriving here today to attend the meeting of the Republican national committee to be held tomorrow. The session will be in the nature of a political love feast at which the Republican victory at the congressional elections last November will be canvassed and plans for the 1920 presidential campaign discussed. Practically every state will be represented by the national committeeman or his proxy. Party leaders brought optimistic reports from every section which they declared indicated success in the next presidential election.

Altho Chairman Will H. Hays declared any discussion of candidates for president was premature the party leaders in preliminary and informal conferences tonight discussed probable candidates and issues. Among the names mentioned in the gossip were General John J. Pershing, General Leonard Wood, Senator Henry Cabot Lodge of Massachusetts, Senator Albert B. Cummins of Iowa, Senator P. C. Knox of Pennsylvania, Senator Warren G. Harding of Ohio, William J. East, of Ohio, Senator James E. Watson of Indiana, Governor Frank O. Lowden of Illinois, Former Governor Charles S. Whitman of New York, Former Senator John W. Weeks of Massachusetts.

Governor-elect Henry J. Allen of Kansas was mentioned as a possible candidate for vice president by his friends.

Two Issues Will Come Up.

The two issues most frequently mentioned in the gossip were an attack on the alleged extravagance of the national Democratic administration and a strong declaration against Bolshevism and Socialistic doctrines, including government ownership or operation of the railroads and other public utilities.

The committee has but little business to transact at its meeting tomorrow. The program is for an executive business session in the morning at which resolutions on the death of Colonel Roosevelt will be adopted. The election of national committeemen in several states to fill vacancies and the settlement of a contest over the national committee from Louisiana are the only items of business scheduled.

At one p. m. the committee will have luncheon with the Woman's Executive committee of the party of which Mrs. Medill McCormick of Illinois, is chairman.

In the afternoon the committee will listen to addresses by Governor Beekman of Rhode Island, Governor Burroughs of Minnesota, Governor McFie of Nebraska and Mrs. Medill McCormick of Illinois, who will report on plans of the women to take an active part in the national affairs of the party in the future.

It was said that no move will be made to declare the position of William Hale Thompson, national committeeman from Illinois, vacant because of his attitude toward the war. Chairman Hays conferred with leaders in the afternoon and plans for putting an end to the sectional disputes in Illinois, but it was said that no decision was reached.

FURTHER BUSINESS FACILITIES GRANTED WITH THE AMERICAN ARMY OF OCCUPATION, Wednesday, Jan. 8.

(By the Associated Press).—Further facilities for the conduct of ordinary business were given to the inhabitants of the Rhineland today when five trunk telephone lines were opened between Coblenz and the city of Aachen. Communication across the line both by telegraph and mail had been permitted under the strictest censorship by the Americans but telegraphic communication was limited to one wire.

Permission to use the telephone will be limited to business conversations. It was given with the understanding that American officials would be listening in with instructions to break communication at the slightest indication of improper use of the lines.

The arrangement makes possible easy communication with Berlin. In offering to the public privileges of communication the Americans are acting in accordance with their policy of as far as possible, not interfering with the ordinary affairs of the people.

SPARTACUS RIOTS OCCUR THRUOUT GERMAN EMPIRE

NEW YORK, Jan. 9.—At the end of the first day of the marine workers' strike, which virtually halted traffic in New York harbor the New York Boat Owners' association announced tonight that the men had signed an agreement for the appointment of a conciliation board to arbitrate all difficulties. This announcement brought prompt denial from the strike committee which termed it an "owners' welfare proposition." In this connection William A. Maher, vice-president of the Marine Workers' Affiliation, issued a statement asserting all settlement propositions submitted to representatives of the men will be considered by the general strike committee at a meeting called for 10 o'clock tomorrow morning. For that reason, he said, the strike could not possibly be called off until that hour. The announcement that the strikers had agreed to creation of the New York harbor conciliation board was made by Joseph J. Glatzmayer, president of the Boat Owners' association. Asserting that "have no quarrel with our men, but that this strike has been precipitated by just six labor leaders and it is high time to check Bolshevism," Glatzmayer continued:

"The board will be governed by 20 men, ten to be selected by the employers and ten by the employees. It has full power to fix wages and working conditions and to enforce its orders by meetings.

MOTHER, FATHER AND THREE CHILDREN BURNED TO DEATH

CEDAR RAPIDS, Iowa, Jan. 9.—Francis Blizek, his wife, their six year old son, 14 year old daughter and two year old daughter were all burned to death early this afternoon when their farm home near Ford Junction in Jones county was destroyed by fire. Their charred bodies were recovered from the debris five hours later.

All members of the family were ill with Spanish influenza. They lived in a valley half a mile from the nearest house. Unable to get help the father, in spite of his illness tried to get their meals. The rest were all confined to their beds.

Soon after one o'clock residents in the nearest farm house saw a cloud of smoke arising over the hill top. When they arrived at the Blizek home it was in flames and the roof had fallen in.

An alarm was given over the countryside, but it was several hours before the throng could begin searching for the bodies.

MARINE WORKERS' Strike Ties Up Gotham Harbor

Whole Country in the Grip of Serious Revolution

NEW YORK, Jan. 9.—At the end of the first day of the marine workers' strike, which virtually halted traffic in New York harbor the New York Boat Owners' association announced tonight that the men had signed an agreement for the appointment of a conciliation board to arbitrate all difficulties. This announcement brought prompt denial from the strike committee which termed it an "owners' welfare proposition." In this connection William A. ALL RESTRICTIONS On Importation Of Corn Removed

WASHINGTON, Jan. 9.—All restrictions on the importation of corn and rice were removed today by the war trade board.

At the same time the board announced it would consider favorable applications for the export of rice and for licenses for the shipment of jute and jute products except yarn and nitrate bags to all destinations.

Argentina is the chief country affected by the removal of the embargo on importations of corn. Large stores of corn are held in that country for export it was said and this corn may now be sent to the United States and also probably to the allied countries since most embargoes placed by the war trade board were in accord with an inter-allied agreement.

Action by the war trade board in removing the embargo on corn followed repeated statements by Edward Rickard and other food administration officials that they had no recommendations to remove the embargo on Argentine corn had been made.

J. J. Stream, chief of the coarse grain division of the food administration had stated at Chicago such a recommendation had been made and later reiterated his statement when his attention was called to the denial by the food administration. Sharp declines in the price of corn on the Chicago board of trade followed, the market closing with prices down from 3 1/2 to 7 1/2 a bushel compared with 24 hours before.

In denying any recommendation to lift the embargo had been made food administration officials said Mr. Stream favored immediate removal of the embargo, but that Frank G. Crowell, vice-president and acting manager of the food administration's grain corporation at New York had refused to agree to such action without approval of Herbert C. Hoover at Paris.

The war trade board in its announcement made no comment on its action but food administration officials said tonight they believed Mr. Stream's announcement at Chicago had resulted in "forcing Mr. Crowell's hand."

It was reiterated Mr. Crowell had not originally intended to make any request today for removal of the embargo.

He gave his name as Alois Stastny and his age as eighteen. He was born in Prague and was employed as a clerk in a railway office.

NAME FRENCH DELEGATES TO PEACE CONGRESS

Distinguished Array of Statesmen to Represent Country

PARIS, Jan. 9.—(By the Associated Press.)—Announcement of the French delegation to the peace conference in addition to bringing a distinguished array of French statesmen has begun to give definiteness to the delegations of the great powers at which the American delegation has been by itself up to the present time. It is now expected that the British, Italian and Japanese delegations now will be announced officially. The leading figures like Premier Lloyd George and Foreign Secretary Balfour for Great Britain; Premier Orlando and Foreign Secretary Balfour for Italy; and Viscount Gao for Japan are known altho not officially appointed, but the delegation of a full list will bring into being the real force of the congress.

The personnel of the French delegation is recognized as exceptionally strong, combining the political, diplomatic, financial, economic and military sagacity of France. The appointment of Jules Cambon is particularly gratifying to the American delegation owing to his intimate knowledge of and sympathy with American affairs resulting from his long service as French Ambassador in Washington.

M. Cambon with Foreign Minister Pichon will represent the diplomatic strength of the delegation.

Louis Klotz besides being minister of finance, is recognized as the financial leader of the French parliament. Captain Tardieu furnishes the economic authority and is familiar with both French and American economic conditions.

French Protocol.

A French protocol, proposing the exact procedure of the congress was submitted to the American delegations at about the same time that the French delegates were named. It is now being studied and it is noted by the American delegates that a number of their suggestions have been taken form in the French program. The protocol deals with the organization of the congress, the representation of the great and small powers and the general order of procedure. It will not become effective until passed up by President Wilson and the premiers of France, Great Britain and Italy who constitute a sort of executive council which later will grow into a supreme council of the great powers when the full delegations are appointed.

The conferences today showed a growing driving power. In addition to the conference, four French delegations had with them Orlando and Foreign Minister Sonnino and others Premier Clemenceau spent some time at American headquarters and was followed there later by Premier Venizelos of Greece. Premier Venizelos has presented a written memorandum of Greek aspirations and is supplementing it with vigorous personal representation.

At the same time, Secretary Lansing, Colonel House and Lord Robert Cecil continued their conferences on the subject of a league of nations.

DIDN'T WORK IN BRITAIN.

Writing from London, Herbert N. Casson tells the Boston News Bureau that the telephone system in Great Britain has been owned by the government since 1911. The government promised to reduce the rates and improve the service. "On the contrary," says Mr. Casson, "after seven years of hopeless muddling we have higher rates, fewer telephones, and a service that will soon be as bad as that of Paris or Tokio." These are facts worth taking into consideration while the subject of government ownership is up for discussion in this country. A London newspaper is quoted as having

TRADE CONDITIONS.

The fact that we are still enjoying an immense favorable trade balance built up under the influence of the war, because we are a nation of extensive and varied resources, should not deceive us. During the nine months of 1918 for which statistics are available, our merchandise trade balance has fallen \$82,000,000 and now that the seas are free from the submarine and other nations are beginning to return to the activities of peace, we shall witness a decline as rapid as enterprising rivals in a practically free market can make it. The average rate of duty on imports at present is only 5 per cent, as compared with an average of 18 per cent under Republican law. Is there a nation with which we must compete in which there is a wage scale only 5 per cent under our own? These are questions some well informed men at Washington are asking.

NOTHING TOO GOOD FOR THEM.

It sounds a little Utopian but in America it's possible and will be done. Disabled soldiers and sailors who return from overseas are to achieve some of their life ambitions. The government, thru a service league, proposes to help these war heroes to do the things that they wanted to do before they entered the army service. For example, if a country lad who had a longing for city life, entered the army and is now maimed, he will be given a chance at a city job. If it is education that these war heroes need to enable them to carry out their desires and ambitions, they will have this educational opportunity. It is all in line with the government's policy, approved by the people, that "nothing is too good for the soldiers."

STRONG FOR MILITARY TRAINING.

It would be hard to find a better illustration of how men's minds change on any given subject than the action taken by the Methodist educational leaders in session in Chicago this week. These heads of universities and colleges went on record as strongly in favor of military training. The opinion was practically unanimous that training is physically and mentally beneficial to the young man, aside from the matter of furnishing the country with needed protection and a great potential army.

As one of the college presidents puts it: "There is still no occasion for being too optimistic about all wars being over." He referred in a significant way to the unrest and uncertainty in Russia and Turkey, the vast undeveloped continents of Asia and Africa and ventured too that Germany while defeated, is not extremely repentant.

News from Washington is that the government contemplates a still further increase in the freight rates, whether or not the roads are turned back to private management at a comparatively early date. This will be glad news for shippers, who within the last year have already stood for increases varying from 25 to 70 per cent. Meanwhile the consumer must pay the bill.

HARD ROADS ENTHUSIASM.

If the interest manifested at the meeting of the Good Roads association at the court house last night continues, the organization will be an effective force in the county. Since this county has the name at Springfield of being in favor of hard roads, it is time for the impression to be corrected, for Morgan county certainly wants its full share of hard roads. The resolution adopted at the meeting last night should settle the minds of the state highway department as to the present attitude in this county.

CITY ELECTION NEAR AT HAND.

According to the opinion of City Attorney Reeve just given the primary for the Jacksonville city election will be held March 11. This means that the final day for filing nominations is Feb. 20, just a little more than a month ahead. Probably very few people had realized that the time for choosing city officials was so very near at hand. Under the general law which is now soon to go into effect, the city will have the measure of holding two city elections each year, the primary and the regular election. The provisions of the law are such that this is necessary and a large annual election expense is thus involved. The legislature in providing that in cities of this size an alderman from each ward should retire each year certainly had no thought of economy.

It is too late to argue about any defects of the general law. A majority of the people months ago favored a return to the aldermanic form and that is what Jacksonville is to have. Now the important thing is to select competent and qualified citizens for the various offices and aldermen from the wards. With a very heavy floating debt and an empty treasury and constantly increasing costs of doing business, the next city administration certainly faces "some job."

Rippling Rhymes

By Walt Mason

Cutting Loose.

We learned to salt some kopecks down, to do without new hat or gown, in war's forbidding days; I thought we'd learned the use of thrift and that we never more would drift to our old wasteful ways. I said, "The lesson war has taught could never be too dearly bought, it is of untold worth; we've learned the value of the yen, and we won't blow the iron men while we inherit this earth. We've learned how good it is to own a surplus plunk, an extra bone, when comes the time of stress; the lesson's sunk into our souls and we'll be careful of our rolls in future times, I guess." But when I heard that war was done, that we had canned the kilted Hun and stripped him of his sword, felt a desire to go to busy marts of trade and blow my little wartime hoard. "The lid is off," I told myself; "the merchant has upon his shelf a lot of junk I need; to be a miser in peace times, to go on hoarding plunks and dimes, were foolishness indeed." And so I went abroad to buy whatever doodad caught my eye, just bent on burning mon; and all my neighbors were abroad, each one resolved to blow the war he saved ere war was done.

LONG TIME RESIDENT ANSWERS SUMMONS

Mrs. Ellen W. Gillett Died Very Suddenly Thursday Morning—Lived at School for Deaf More Than Half a Century.

A life of exceptional strength and beauty went out when Mrs. Ellen W. Gillett died Thursday morning at her home, 1235 West College avenue. For several years Mrs. Gillett had been frail but no period of invalidism or acute illness preceded her going. It was shortly after breakfast that Mrs. Gillett, who had seemed in her usual health, walked out into the kitchen. A moment later her son and daughter, Charles P. and Miss Alma Gillett, found her dead. They were quickly beside her and Mrs. Gillett was able to speak a sentence or two and then the spark of life was gone.

It was Sept. 22, 1834, that Mrs. Gillett was born in Indianapolis. She was the daughter of Isaac N. and Julia N. Phipps and she was one of a family of ten children. All now have passed to the other world except one brother, E. R. Phipps, an aged resident of Danville. As a young woman of twenty years she was married at Indianapolis to Dr. Philip G. Gillett, then a teacher at Indiana School for the Deaf. It was two years later that they came to Jacksonville where Dr. Gillett assumed the duties of superintendent of the Illinois School for the Deaf.

For a period of thirty-seven years Dr. Gillett continued in the superintendency, gaining a national reputation in this line of educational work. Mrs. Gillett gave him the most sympathetic co-operation in this work and her presence and influence helped in a large way to create the atmosphere which made the school notable. Subsequently in 1903 when Charles P. Gillett became the superintendent of the institution, his mother again became a resident there and the institution continued to be her home until the summer of 1918. So Mrs. Gillett had the remarkable record of spending nearly fifty-two years of her life within the walls of the one institution and hundreds can testify to the benign influence she exerted there thru all the years.

The deceased came of a Quaker family and she had all that inherent spirit of gentleness, the devotion which characterize that sect. One who knew her well said yesterday: "She was indeed a gentlewoman and while there was full force and strength of character, her every day life was dominated by courtesy and her entire gentleness of spirit was a constant source of inspiration to those about her." In a life of eighty-four years there must come sorrows and troubles, for all days and years cannot be unclouded. Mrs. Gillett was so poised in character, her life so well ordered, that she was able to meet life's changing conditions with calm spirit and make the best of every situation.

Soon after coming to Jacksonville she became a member of the old West Church, now Grace M. E. church, and thru all the years afterward her interest in Christian work has continued. She was devout and earnest in spirit and made the most of the large opportunities the institution life afforded in developing the religious natures of the boys and girls with whom she came in contact.

Mrs. Gillett is survived by two sons and two daughters. Mrs. Charles K. Cole of Brooklyn, N. Y.; Miss Alma Gillett and Charles P. Gillett of this city, and Dr. Frederick Gillett of Elgin. In the later years of her life Mrs. Gillett has had the never-failing devotion of her son and daughter resident here, and the loving care that they gave her no doubt helped largely in stretching out the span of earthly years. Three children died in early years, one in infancy, a son in 1871, and a daughter in 1876. Dr. Gillett's death occurred October 1901.

Of Mrs. Gillett's grandchildren one, Dr. Philip G. Cole, is a captain in the U. S. army service overseas.

The arrangements for the funeral cannot be completed until today. Dr. Fred Gillett will arrive from Elgin and the colored daughter Miss Alma will be expected from Brooklyn tomorrow. The service will be in charge of Rev. F. B. Madden, pastor of Grace church. Interment will be at Diamond Grove cemetery. Friends are requested to omit flowers. In accordance with an often expressed wish of Mrs. Gillett's the funeral services will be very simple in character.

GOOD ROADS MOVEMENT SHAPING DEFINITELY

Resolutions Adopted at Meeting Thursday Night—Morgan, Scott and Pike to Work Together—Chair Named Committee to Consult State Highway Commission.

A meeting of the Morgan County Good Roads Association was well attended last evening. There was a general discussion and resolutions were adopted, asking the county board to spend its road funds for hard roads only.

The meeting was called to order by President Snyder who urged the importance of the movement and the desirability of getting to work at once. He wanted to see a great list of members from all over the county for a strong, united effort would accomplish much.

The minutes of the last meeting were read and approved after which the committee on constitution submitted their report which was approved. In addition it suggested that as the constitution provided for only evening meetings it would be wise to have some daytime gatherings to accommodate those of the country and that was agreed to.

The resolutions committee made their report referring to the enthusiastic meeting first held with a purpose to co-operate with the state department of public works in furthering the hard roads forward to the department of public works these resolutions that Morgan county is doing of what it can be fully advised and attempting.

A letter from Hon. W. E. Williams of Pittsfield was read and Judge McKean of Winchester spoke briefly.

F. J. Heintz Talks.
The chair called on F. J. Heintz as one of the best posted and most earnest and useful advocates of hard roads. He said in brief:

"I was a member of the legislature twelve years ago and learned a good many things. Sentiment has changed since then. The Tice law was then enacted but was amended so as to permit improvement of roads with off. The result of the well intended law has been that since no specified material was named. Each county and locality has improved its roads to suit itself and we have gotten nowhere. Morgan county has expended some \$18,000 for good roads west and about the same south and what have we to show for it beyond some good culverts?"

"We all should know the provisions of the hard roads \$60,000,000 law as voted on by the people. By it our country should have 48 to 50 miles of hard roads. Work is to be begun when post war conditions are favorable. Then too the U. S. government is contemplating a hard road from Chicago thru Springfield to St. Louis and from Chicago to Danville and along the lines already designated by our state highway commission. Our county has now and may have by July \$36,000, which it can use for hard roads and if so used along designated lines the same will be refunded by the state to be used elsewhere.

"The large sums we have spent on dirt roads has gotten us in badly and they think we don't care for hard roads and we want to overcome that impression. We don't want to waste any more state aid money on anything but hard roads and then other districts can care for themselves.

"We are especially interested in three ways: Jacksonville to Virginia; one to Chapin, Arenzville and Beardstown; one to Pisgah, Nortonville, Franklin and Waverly. We don't want to waste any more time and material on all dirt roads."

Resolved, That the following resolution which was adopted:

Resolved, By the Morgan County Good Roads Association, That it believes that the State Aid money for the improvement of State Aid roads should be used for the construction of hard roads which will connect with and supplement the State Bond Issue roads to be constructed in the county, so that the county may have a county-wide system of hard roads as soon as possible, and,

Be it Further Resolved, That it request the Board of County Commissioners of Morgan County to adopt the policy of building hard roads with such funds as it may have available for the improvement of State Aid roads, and,

Be it Further Resolved, That it requests said County Board to take immediate action in the matter in order that the necessary engineering, etc., be completed so as to secure the early construction of such roads.

Hon. Thomas Worthington said he had been asked to join an organization in Pike county where he had interests. The people wanted a good many things but would have to abide by the law which laid down to routes and specified the material. This the legislature could not change.

H. L. Caldwell said that the state highway department had the idea that Morgan county wasn't much interested in hard roads should be undecieved as soon as possible. Grades in our county would be easy and we are reasonably near to material for hard roads.

H. J. Rodgers said the state highway commission had designated certain routes between county seats which must be followed but they might hear committees on other routes and Morgan county should get busy at once and send its delegation. The width of the roads would be ten to 15 feet according to traffic.

Judge McKean said Jacksonville and Winchester should work together for No. 36 which would benefit both places. The law specifies that two cities shall be connected but does not specially say just what lines shall be followed. The people may have something to say on that subject.

It was decided to name a committee of seven to work with a like committee from Scott and Pike counties to wait on the state highway commission to secure the best results and the chair named F. J. Heintz, F. L. Batz, F. L. Sharpe, H. J. Rodgers, V. R. Riley, H. L. Caldwell and Andrew Russell.

Mr. Rodgers offered a motion that the president act instead of himself and declared it carried but the chair said it was out of order.

F. J. Heintz called attention to the wise provision of the law which placed absolutely in the hands of the state authorities the choice of material for hard roads. Our county has done hardly anything worth mentioning in hard roads; Green is worse and Cass better. It is time to get down to hard roads business.

Mr. Cocking said there had been a measure passed to grade and oil North Main street out into the country as far as the funds would reach. This was in the hands of county board and that body should be waited on and urged to work only for permanent hard roads and the executive committee was so instructed.

L. R. Craig said the association should have a button adopted and worn by the members and the matter was placed in the hands of the executive committee.

Stanfield Baldwin, residing north of town spoke in favor of hard roads.

C. H. Gibbs of Lynnville urged appointment of committees on securing members and the chair said he would appoint them.

E. F. Johnston deplored the absence of merchants at the meeting and their indifferent attitude toward the enterprise.

V. R. Riley read a letter from the state highway superintendent Bradt who said the commission was investigating routes and would hear any committees sent them.

Adjourned to meet Saturday, January 18th at 1:30 p. m., immediately after the sessions of the Feeders and Breeders' Association.

THE RED CROSS NURSING SURVEY

Next Week Designated as Special Time for Securing Needed Records.

The work of making the nursing survey for the Red Cross is proceeding satisfactorily, according to a statement made yesterday by Miss Grace Carter, who is directing the campaign. The survey at the School for the Deaf has been completed, the same thing is true at the Home Sanitarium and the work would have been done at Jacksonville State Hospital had not the supply of questionnaires been exhausted.

While interest has not been lacking here or elsewhere, the central organization has determined on the week beginning Jan. 13 for the completion of the survey. It is believed that by setting aside these special days for the work that all the remaining details can be secured. Those who register will not be subject to draft for war service, but the purpose of the Red Cross is to have a complete record which may be available in any time of epidemic. A local record will be kept and a duplicate will be on file in the general headquarters.

Some additional facts about the survey week are contained in the following paragraphs from a letter addressed to Miss Carter by Walter Davidson, associate director of the department of development of the Red Cross organization:

The week beginning January 13th has been set aside for intensive effort on the nursing survey, and it is hoped to complete this survey as far as possible during that time. Newspaper publicity will be given to the plan by the Central Division and it is suggested that you also enlist the interest and assistance of your local editors. Moving picture houses may agree to run free, a slide announcing the survey, giving the name of the local committee and asking nurses in the community to fill in questionnaires.

Much of the work done by the Women's Department in your local Chapter has been concluded and we are confident these faithful workers would welcome the opportunity of assisting you in this important matter. The senior high school girls in your Chapter's Junior Membership Department could render invaluable assistance in the collection of questionnaires and in transferring the information on questionnaires to the filing cards (form 715) for the Chapter's record.

FAIRM PROPERTY
Now folks, listen. Story's Exchange says our land in this section is too cheap, compared with land selling north and east of us. Our land is too cheap as compared with prices of what it produces—corn, wheat, cattle and hogs, to say nothing of dairy and poultry products. Now are we right? October 1st, next, reflect back to this "ad" and you will know whether this is true or not. How do we know now? Because people are selling farm products and putting the money in land. Again the boys are either home or will soon be here and they want to settle close to Dad and Mam wants them close to her. We have their orders now and find them difficult to fill. There is really quite a little scramble for farms for March first delivery. Now get busy.

(A) 160 acres, three miles from a good town on the C. & A., a good well improved combination stock and grain farm for \$125.00 per acre.
(B) An excellent black prairie farm of eighty acres three miles from town with excellent improvements and a beautiful home. Price \$300 per acre.

(C) One hundred sixty acres near the city mostly good farming land with plenty of improvements and thoroughly well fenced at \$225.00 per acre.

(D) One hundred ten acres of land east of the city, two miles from elevator at \$185.00 per acre.

(E) Our pet bargain for this week: Forty-six acres one mile from the elevator. This is a nice little home for a man of moderate means. A new six room house with cellar, cistern and concrete walks. New cow shed, horse barn, corn crib and other out buildings. Price \$125.00 per acre. Now hurry.

MONEY
We have money to lend in lots ranging from Five Hundred Dollars up and aggregating about One Hundred Thousand Dollars. DO NOT WAIT ANOTHER DAY to make safe your loan for March first. DO IT NOW!

Your battery's usefulness depends on the way you treat it, but even the best of care won't make a poorly insulated battery stand up through a long busy life.

The Still Better Willard, with ordinary care gives a good deal more than ordinary service and a great deal longer than ordinary life.

One of the reasons why this is so is that this battery has Threaded Rubber Insulation—which indefinitely postpones need of re-insulating.

PROTEST AGAINST ACTION OF FRANCE

WASHINGTON, Jan. 9.—Myrian Sevasly of Boston, chairman of the Armenian national council of America today called upon Assistant Secretary of State Phillips to protest in behalf of the Armenian people against carrying out the terms of a declaration by Foreign Minister Pichon in the French chamber that France would maintain a protectorate over portions of Asia Minor formerly under the Ottoman empire. Mr. Sevasly said the claim of the French government to the right of a protectorate over Armenia was based on the secret treaty after the war between Russia and France and the Armenians hold that the secret treaty could be binding in view of President Wilson's declaration against them. He also said the Armenian people guaranteed their political integrity by the treaties of Paris and Berlin and that no secret treaty could abrogate the signatories to them of the responsibility of seeing that the provisions of previous treaties were carried out.

BUENOS AIRES, Jan. 9.—Another battle between the strikers here and the government forces began this afternoon at the Vasena Iron Foundry. Meanwhile the strike movement is spreading and more than fifty unions have joined.

ADJUSTMENT OF WAR CONTRACTS ORDERED

WASHINGTON, Jan. 9.—Validation and adjustment by the secretary of war of informal war contracts involving the expenditure of more than \$2,700,000,000 is authorized by a bill passed by the house late today by a vote of 270 to 30. Approximately 6,600 contracts in this country and a large number in England, France and Italy, would be affected. A similar bill, also placing adjustment in the hands of the secretary of war was approved today by the senate military committee which reversed its previous action in voting for the creation of a special commission on adjustment.

Opponent of the bill passed by the house favored adjustment of the contracts by a congressional committee acting with the attorney general and the secretary of war and they sought to amend the measure to meet their views but the amendment was voted down.

WITH THE COLORS

From Private Robert P. Lewis

R. P. Lewis of 640 North West street has the following letter from his son, Robert P. Lewis, with Co. A, 803d Pioneer Infantry in France:

Nov 24, 1918.

Dear Father:—As you perhaps know, this is the day that all the boys on this side of the pond are supposed to write to their fathers. Therefore I am dropping you a few lines to let you know that I am well and hope this will find all the same. There are 23 boys here in my company from Jacksonville and not one of them has been sick. We all feel better since the war is over. I have seen Roy Nelson, Frank Wafal and Eugene Carter over here. They are all in different regiments. As a rule we all get together every night and have a grand old time. You people in the states needn't think that us boys over here are not enjoying ourselves, for we are. We have plenty of pleasure and like the country fine.

It's pretty frosty here mornings but not as cold as the states. I will tell you my experiences when I get back home. Like all other soldiers we have had some good times and some not so good. You can look for us boys home sometime between this and early summer.

Tell mother that I received her letter a few days ago and was certainly glad to hear from home. It was the first letter in about two months. Tell her that I lost Yank's address and as she sent it I will write him soon. How are Martha, Lillie and the kids getting along? Tell John Hogan that this would be a fine country for him to farm, where they grow mostly rock. The card he sent me I received in France.

Give all my best. Hoping to hear from you soon and wishing you all a Happy New Year, I am, Your son,
Robert P. Lewis.

F. R. ELLIOTT NAMED FOR NEW POST

Former Jacksonville Resident
Elected Vice President of Harris

Jacksonville people will be interested in knowing that Frank R. Elliott, son of Mr. and Mrs. Frank Elliott of this city, was recently elected a vice president of the Harris Trust & Savings Bank of Chicago. Mr. Elliott entered the bank in 1900 very soon after finishing his college course, and has been advanced from time to time until now when he takes the new position with still enlarged responsibilities. After holding some minor positions he became cashier of the bank and about twelve years ago when the institution was reorganized he became treasurer in charge of the banking department. As vice president his duties and responsibilities will be still further increased. The Harris Trust & Savings Bank is one of the largest and most substantial financial institutions in Chicago, has a capital of \$5,000,000 and a surplus of \$33,000,000. The bond department of the bank is one of the largest in the U. S.

FRENCH ORPHAN FUND GROWING

More Than Sixty Children Provided for by Morgan County People.

The interest in the French war orphan fund campaign for which Mrs. W. T. Scott is the county chairman, is continuing in an unabated way. Mrs. Scott said last night that influenza had interfered with the work to some extent but nevertheless that a splendid showing had been made all thru the county. The precinct chairmen are all enthusiastically at work and since the campaign is to continue at least until Feb. 1 it is certain that various other organizations and individuals will assume the responsibility of caring for these war orphans.

Mrs. Scott was able to announce the adoption of an orphan by ten mothers with Mrs. Carrie Wood of Kosciusko street as the treasurer; another by a group of eight teachers at the School for the Deaf, and another by the Chapin high school. Individual adoptions reported were as follows: Miss Laura Fox, West College avenue; Mrs. C. M. Hart, West College avenue; Mrs. M. J. Fox, West College avenue.

Altogether there have been between sixty and seventy children provided for a period of a year. Subscriptions had been made for the care of a number of the children before the campaign began, so that the county is really entitled to credit for a larger number than the list actually shows. However, the figures already quoted indicate the generous and patriotic interest of the people of the county.

TRADES AND LABOR ASSEMBLY OFFICERS

Were Elected for Ensuing Six Months Thursday Evening—Committee Appointed to Confer With Trades Union Committees.

At a meeting of the Trades and Labor assembly held in Labor Temple Thursday evening officers for the ensuing six months were chosen.

The assembly also appointed a committee whose duty it will be to confer with committees to be appointed by the various trades unions to take steps toward seeing that local labor is employed on various building projects in the city the coming year. There will be a great deal of building in Jacksonville during the spring and summer months and it is the feeling of the assembly that members of the local trade crafts should be employed to do this work inasmuch as they are tax payers and contribute to the welfare of the community. The new officers are:

President—F. S. Mathews.
Vice President—John Shields.
Recording and Corresponding Secretary—Abe L. Wood.
Financial Secretary and Treasurer—Harry W. Slover.
Trustees—Walter Quinlan and Louis Gause.

Williams, Brigadier General Marlborough Churchill, Lytle Brown and Frank T. Hines and Col. Constant Cordier had been named officers of the Legion of Honor.

URGES FULFILLMENT OF 1919 WHEAT PRICE

WASHINGTON, Jan. 9.—Senator Gronna of North Dakota, Republican, in an address in the senate today, urged the fulfillment of the government guaranteed price for wheat in 1919 and asked that the farmer be dealt with justly.

The senator said statements credited to officials of the food administration and others giving estimate of the losses which the government will sustain because of the wheat guarantee may have a damaging effect upon wheat production this year. He said everything possible should be done to encourage the agriculture industry.

two small boys stop swearing. A case in the juvenile court. A call from the foreman of a factory regarding a delinquent girl. Some one wants work while somebody else is looking for someone to work for them. Letters must be written. A furious father informs us that he wants it distinctly understood that "we are to keep our noses out of his affairs" that he can manage them himself. All because we want to send his boys away from an impossible home. Add to these calls, various visits to the homes of truant children together with several calls investigating cases of need and you have an average day's work of the S. S. L. We are a society for service—service in every way—from securing pensions to buying feed for the horses of a family with the "flu."

Some of the special problems that have come up may be of interest to you. A blind colored boy, 13 years old, was brought to Jacksonville by his mother to be placed in the School for the Blind but the State Board of Public Welfare refused his admittance because he was not a resident of the state. There also was a question as to his mentality. It was evident he was not normal. He was given a thorough physical examination at one of our institutions and the Wasserman test was made. The decision being that he belonged in a school for the feeble minded.

A girl 17 years old working in a factory broke down in health. Was sent to the Clinic. There she was told she had no tuberculosis, that she needed a rest, for she had been exposed and worked beyond her strength. When she recuperated she was going to the packing plant to work. It was suggested that she try housework. She thought she wouldn't like it. She never had done it and then Swift's paid more. However, she said she would try it and was fitted out with clothing. After three days she came to tell us how she liked it. She never had so much to eat she told us and everything was so clean and warm. Why her room was so warm she had to open a window at night. Not only does she want to stay but she wants her sister to try it too.

Juvenile Cases Interesting
The juvenile court cases are the most interesting of all. The boys who have stolen food, junk and destroyed property—who when found by the police were wearing men's trousers and hats, were the image of the desperadoes they were imitating. Those boys, had though they may be, are the ones that you would like to have under your personal supervision for awhile for down underneath the dirt and the badness there is a certain amount of manhood after all. And if you knew the home conditions you wouldn't be surprised at anything they might do. In fact the remarkable thing is that they are not worse than they are.

When a father has a 13 year old boy helping him "boot leg" and an 11 year old girl keeping house and mothering the family—don't you think that boy and the three year old little girls are better off in an orphanage? If you could have been with me to have seen the transformation after they had been there four days. I am sure that you would agree with me.

But Juvenile cases are by no means always serious adjustments to be made arising from the task of proper legislation, especially in wife abandonment and cases of immorality. And here, Jacksonville has many needs of reform. I know of no town of its size in the state more progressive than you are here. There are the state institutions, colleges, your hospitals, a free kindergarten, the open air school, the Morgan County Clinic, your playgrounds, all of which make for better living conditions for a healthy, happy, community.

Financial Aid for League
And how can you help to make the league a vital force? By supporting it financially—but better still—by giving it your personal interest. We need the experience and the backing of the business men of the town in organizing and carrying on our work. Money is vital of course but so also is a good live working unit—a thing we can't have unless you are willing to give some time to it.

Most of you have been inspired by some definite war work and you have gained experience by it. Now that there is less and less of that to do, shall you sink back again, losing interest in public affairs? I don't believe so. Times have changed, community conditions call for community service as urgently in the uninspired days of peace as during the enthusiastic days of war. Whenever your interest lies—whether it be in the welfare of the babies, or with the boys and girls or with the head of the family—whether it be in sewing, visiting or in an advisory and financial way, make it known to us, and let us work together for the S. S. L. and the S. S. L. community. The S. S. L. is an organization of the people of Jacksonville for service. Service for the people—service for the community.

GOVERNOR LOWDEN
EXAMINES NEW BUDGET

Provides for Expenditure of Three Million Dollars in Next Two Years for Building—Will Not Greatly Exceed Appropriations of Preceding Legislature.

(By The Associated Press.)
Springfield, Ill., Jan. 9.—Omar L. Wright, director of the state department of finances, declared recently that appropriations of the fifty first general assembly will not exceed the fifty millions appropriated by the preceding legislature. By more than fifteen per cent if budget recommendations are adhered to, despite cost increases incident to the war.

The last general assembly authorized the expenditure of \$51,715,725.38, but Governor Lowden vetoed bills and items amounting to \$1,967,584.18 leaving the net appropriations for the entire session at \$50,558,141.20.

If the fifteen per cent increase is not exceeded the moneys authorized by the fifty first general assembly should not be more than fifty eight millions.

The budget covering expenditures proposed by the nine state government departments under the administration code and by other commissions and agencies, the first of its kind in Illinois, is in the hands of the governor, estimates having been submitted by the departments to the finance department where re-adjustments were made.

All of the governmental departments, with the exception of the department of public welfare, lived within appropriations for the past biennium. The deficit in this department, which feeds, clothes and cares for the 26,000 inmates of the state's penal and charitable institutions, was in operating expenses. The deficit on July 1 when the new biennium begins, was expected to be a million and a half dollars. Savings in many departments tended to reduce the deficit which was due to the big increases in the cost of all commodities.

The new budget now being examined by Governor Lowden provides for an expenditure of three millions of dollars in the course of the next two years for building. Of this amount \$750,000 is intended to go toward the construction of the centennial memorial building, the foundation of which is in progress of being laid on ground just south of the capitol.

No comprehensive building plan has yet been agreed on, it is said, and a large proportion of the money intended for construction work will go for repairs held up during the war period.

WONDERFUL BARGAINS IN MILLINERY AT HERMAN'S CLEARANCE SALE

STATE STREET WOMEN IN ALL DAY SESSION

An all day meeting of the Ladies Aid society of State Street Presbyterian church was held Thursday, the first since Sept. 19. Eighteen women sat down for luncheon and a still larger number attended the business session in the afternoon. The sewing done was for French orphans and in the marking of sheets and pillow cases for assaunt hospital. A very interesting part of the service came when, following the luncheon, the framed photograph of Dr. R. B. Wilson, deceased pastor of the church, was presented by Mrs. Lillian I. Danskin, who said in part:

"In giving this picture of Rev. Dr. Wilson, our late dearly beloved pastor, to the society my idea has been to give to all of us the aid to memory, and the inspiration that his face looking down on our work and worship will be to each one of us. When we look upon this picture, so like the face of him who has gone, we cannot but be inspired to do the work so near and dear to him. "The well-being of State Street church and the advancement of the kingdom of God were nearer to his heart than any other thing in life. Now that he has passed on to the other side, we may feel sure his interest in God's work on earth is not lessened." Mrs. C. A. Barnes, as president of the society, with appropriate words accepted the picture on behalf of the church.

SOME PORKERS

Mrs. Isalah Strawn recently sold the Jacksonville Packing Co. eleven about as fine hogs as one often sees. They were Jersey Reds and Poland China cross and were less than eleven months old having been farrowed last February. They were fed lots of milk and slops along with plenty of corn and grass in season and weighed 327 pounds average, and brought \$16.60. A trifle over \$600 for eleven hogs isn't as bad as it might be tho of course corn is worth lots of money, too.

FAVORITE LODGE CONFERS RANK OF PAGE

Is Given to Three Candidates Thursday Evening—Annual Roll Call January 23.

At the regular meeting Thursday evening Favorite Lodge No. 376 Knights of Pythias conferred the rank of page on Clarence Swaby, Samuel Green and Alfred Smith.

It was the first work the lodge has given since early in the fall because of the influenza ban. There was a large attendance and much enthusiasm prevailed and indications point to a busy time the remainder of the winter and early spring.

The lodge also fixed Thursday evening, January 23 for the annual roll call. This is always an event of much pleasure and committees are already at work planning the program.

During the evening George Gerlach gave a number of piano numbers. After the business session and work the members enjoyed lunch and a smoker.

ROBBERS AT CHAPIN.

Robbers were busy at Chapin Wednesday night. They entered the store of J. H. Eilers and took away some overshoes, cutlery, cigars and a shot gun. The Burnham barn was also entered and when the proprietor reached the building Thursday morning he found the horses turned loose and harness and rope scattered about the place.

CITY ATTORNEY GIVES OPINION ON ELECTION

Given at Request of City Clerk Pyatt Who Wished to be Sure He Was Acting in Accordance With Statute—Will Require Election Each Year.

City Attorney John J. Reeve has given an opinion to City Clerk R. L. Pyatt to govern his action in calling the coming city primary and election. The city clerk wished to be sure he was working in accordance with the provisions of the new law and asked for a legal opinion which the city attorney has furnished.

There are many things in the new law that give evidence of a tendency on the part of the legislature to enact laws without looking into the cost that will afterward accrue to the city operation, under the law.

Election Every Year.
For instance the law requires that the first set of eight aldermen elected draw for the one and two year terms. Then each year one alderman will retire in each ward in the city. This means calling an election for the entire city each year.

It is also provided that the number of electors names required on a petition shall be one-half of one per cent of the total vote cast by each party at the last city election. On the head of the ticket this will embrace the entire city and in the wards just the vote of that ward. However, there has been no party vote at a city election in Jacksonville since 1909 hence the city clerk is wondering just how he is going to arrive at the per cent proposition in order to tell candidates how many names to get on their petitions.

Text of Letter

The full text of City Attorney Reeve's opinion is given herewith:

Jacksonville, Illinois, January 7, 1919.

Mr. R. L. Pyatt, City Clerk.

Dear Sir:

With reference to certain questions which you have asked me touching the passing of the City of Jacksonville from the Commission form of government to that of the General Law and the procedure for nomination of candidates, election, etc., I have the following suggestions to make:

By Act of the Legislature of June 28, 1917, the modus for passing from the Commission form of government to the general law is provided, which provision will be found on page 227 of the Session Laws of 1917. This provision is that on the abandonment of the Commission form of government, the government goes back to the provision of the General Law of the State applicable at the time of abandoning the Commission form of government, and not back to the form of government which was in force at the time the Commission form of Government was adopted.

Under the General Law, the city election will be held on the 3rd Tuesday in April, and there will be elected a Mayor, City Clerk, a City Attorney and a City Treasurer.

At the first election under the General Law, there will be elected two Aldermen from each Ward. At the first meeting of the City Council after such election, the Aldermen elected will be divided by lot into two classes—those of the first class will continue in office for one year, and those of the second class for two years, and thereafter one Alderman will be elected annually from each of the Wards.

Officers Serve for Two Years

The Mayor, City Clerk, City Attorney and City Treasurer hold their respective terms of office for two years, provided the City Treasurer shall not hold the office for two successive terms.

The primary election for the nomination of Aldermen and other officers shall be held on the 2nd Tuesday in March.

Notice shall be given by the City Clerk of the primary and notice shall be given at least 20 days before the primary election.

The number of signers to the petition for place on the ballot for the general City officers shall be at least one-half of one per cent of the qualified primary electors of his party in his City or Village. If for Alderman, then by at least one-half of one per cent of the voters of his party in his Ward.

The petition shall be filed with the City Clerk not more than 30, nor less than 20, days prior to the date of the primary.

Acid-Stomach Destroys Health, Vitality and Strength

Clean out the excess acid from your stomach—it creates poisons that drag you down, rob you of physical power and vitality, make you sickly, weak and unfit.

It is just excess acid—superacidity—that's ailing you. Learn what it must mean to have in your stomach excess acidity so powerfully destructive as to be able to create almost any ailment. For years dentists have been telling you that it's acid that eats off the hard enamel of the teeth and decays them. Think, then, of how much easier it must be for an excess amount of acid to play havoc with the delicate organization of the stomach. Just imagine how one must feel—how weak, unfit, tired, run down and sickly—when acid-stomach gains control. Also, what small chance one has of the recovery of robust health, happiness or success, if this acid is permitted to remain, creating greater and ever greater inroads on your health and strength day after day.

You must remove the excess acid if you want perfect health and strength.

Health that knows no aches or pains anywhere, that gives life a new zest and makes it really worth while. What unspeakable joy it is to have health like that. How you live every minute of the day! How soundly you sleep at night and how refreshed you feel in the morning! How keenly you relish your meals—with what enthusiasm and bounding energy you plunge into the day's work whether it calls for muscular activity or mental keenness—or both. That is the kind of health we all want and should have. It is your heritage. So don't let an acid-stomach deprive you of your health. Don't let it hold you back. Take the superacidity—acid-stomach—out of your system and back comes health, strength, vitality. Why? Because, by getting rid of the excess acid, you will be able to get the full strength out of the food you eat.

Some people think an acid-stomach merely causes indigestion, dyspepsia, bloating, heartburn, etc. That is a grave mistake. You simply have no idea of the long train of physical ills and awful human suffering that are directly traceable to acid-stomach. Rheumatism, Gout, Sciatica, Cirrhosis of the Liver, Biliousness, Anemia, Auto-intoxication, Intestinal Congestion, Severe Headache, Insomnia, Nervousness, Mental Depression, Melancholia, Dizziness, Heart Trouble—yes, even Catarrh, Ulcer and Cancer of the Stomach—all of these disorders can find their original source in that one condition—acid-stomach—superacidity.

So often you have heard the remark: "I've taken all sorts of tonics and medicines and tried many different doctors but nothing seems to help me." About nine times out of ten people making such a remark suffer from acid-stomach. Remove that excess acid and the results are truly wonderful. Health and strength return almost like magic.

You can now rid your stomach of its excess acid with a wonderful modern remedy called EATONIC which literally wipes it out. It does the work easily, speedily and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health.

Try EATONIC and see how quickly it banishes the immediate effects of acid-stomach—bloating, heartburn, belching, food-repeating, indigestion, etc. See too, how quickly your general health improves—how much more easily your food is eaten—how much more soundly you sleep—how nervousness and irritability disappear.

It is so easy to get this help—and it costs so little. So why suffer another hour when sure, quick relief is at hand? Everywhere people who have used EATONIC testify to its power to bring quick relief. The testimonials of some of these people are so enthusiastic and tell of such remarkable results as to be almost unbelievable.

If you are one of those who have "tried everything," but in spite of it are still lacking in physical strength and vigor, begin at once to take EATONIC. Don't put it off. Get back your physical and mental punch. Have the power and energy to work with vim. Enjoy the good things of life. Learn what it means to fairly bubble over with health. Like thousands of others, you will say that you never dreamed it possible that such a wonderful change for the better could be brought about so quickly.

So get a big box of EATONIC from your druggist today. We authorize him to guarantee EATONIC to please you and you can trust your druggist to make this guarantee good. If it fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC write to us and we will send you a big 50c box. You can send us the 50c after you receive it. Y. M. C. A. Work at the Front

The Rock Island Union of Jan. 7th has the following interesting letter from F. E. Marshall. The gentleman is well known here. His wife was formerly Miss Louise Sybrant, daughter of George Sybrant, and niece of Mrs. George Douglas and Mrs. C. L. Mathis.

F. E. Marshall of this city, Y. M. C. A. secretary, from Nov. 1 to Dec. 4 he was continually on the 321st infantry, tells of how during the last days of fighting, he worked side by side with Red Cross workers caring for the wounded boys as they were brought into the front line dressing station.

Mr. Marshall is now located in Puits, France. From Nov. 1 to Dec. 4 he was continually on the march, and slept in a bed for the first time in five weeks on this latter date. Thirty kilometers a day was no feat for this infantry regiment. After such a march they slept in old rat-infested billets, in old barns, on hard floors, in wagons and on the grass.

Some Feats!

In a previous letter Mr. Marshall tells of Thanksgiving dinner at the front. It consisted of beef, beans and coffee, the regular quartermaster issue, but later after they were stationed in Puits they celebrated this American feast day with a fitting banquet. As yet he does not know whether he is to stay in Puits, or whether he will be among the first scheduled to come home. Rumors are afloat there as everywhere. Some say they are to go to Russia, and others into Germany.

The following extracts from Mr. Marshall's recent letters give some idea of what a Y. M. C. A. worker does in France:

"The war is over and I am very happy as well as fortunate, as I came out of the battle the last day without a scratch. Our regiment—the 321st infantry, went into the battle the last morning, and on account of having been constant on the move, I had no supplies for the boys, so I helped the Red Cross at the front line dressing station. As we marched to the front lines, we were shelled constantly all along the road. From 5:30 a. m. until 11 a. m. we were under intense shell fire, and had three gas attacks, two rather light ones, and one heavy one, at the dressing station. The last half hour of the battle, an especially heavy fire was directed on our dressing station. During that I helped carry the wounded men inside the station."

We took care of 75 men at our station and they were fine bunch of grumpy lads some of them terribly wounded but full of courage. Right here I want to say that the 321st is composed of a fine, gentlemanly lot of boys, mostly southerners.

A Long March.

"We have been on the march almost constantly since Nov. 1. We have pleasant quarters here (Puits, France) with a fine French family, and as we think we are to be quartered here for some time we are surely delighted. This is December 4, and last night was the first night I have slept in a bed for five weeks. We often marched 30 kilometers a day. The trail has surely been long and winding and I have slept with the boys in barns, on the grass, and in hard floors, in wagons, and in regular bug and rat infested billets. I have surely felt fine all of the time and haven't missed one meal on account of sickness. I am happy in the small service which I have."

"Dr. Francis of California talked to our men today at noon. His talk was a rare treat, and we all enjoyed it. This afternoon at 3 o'clock I am invited to Co. H mess for a turkey dinner. This is in place of our regular Thanksgiving dinner which consisted of beef, beans and coffee, and which we ate along the side of the road. You can imagine how good a regular meal will taste to us, as we have necessarily been short of sweets and fruits and things of that sort that we crave."

Plan for Hut.
"We expect to open a regular hut here, if we are stationed here long enough—a place where the boys can read, write, sing and have meetings. We will then be able to establish a regular canteen—and yes, we expect to have movies, too."

"I will probably know soon whether I am to come home, or be assigned elsewhere. Wild rumors are afloat as to where this division will be sent. Some say Russia, others say to Germany, and a few predict home. Whether I shall remain with them or be sent to some other division, is conjecture."

"Give our kind regards to all of our friends. The French people are wonderfully cordial and fine to us, but there is no place like home, and I shall surely be glad to get back."

I. W. C. NOTES

Mr. and Mrs. H. E. Rusk of Vincennes, Indiana, the Rev. P. J. Hasenstab of Chicago, and Lieutenant Casemene of Durand, Illinois, have been the guests of the college during the past week.

President Barker reports a very busy week in Chicago. On Monday and Tuesday he was engaged with the commission which was considering the welfare of the Methodist educational institutions of Illinois outside of Chicago. Monday morning he was given one hour for the presentation of the need of Illinois Woman's College. The balance of the week has been given over to the sessions of the Methodist Educational Association and the Association of American Colleges. An indication of the pressure of business is found in the statement that seven committee luncheons were on the schedule.

Miss Grace Cowgill head of the German department, was pleasantly surprised by a table party last Friday. A bouquet of beautiful red roses expressed the interest of her "fluey" table, meaning that the table which, before the holidays, was constantly broken by influenza was gathered together for both a union and reunion.

The first semester examinations will be held according to the original schedule, January 30, 31, and February 1.

Miss Fanny Wakely, who has been kept out of the College work by illness returned to her classes Thursday morning. Miss Mary Anderson, who had had a touch of laryngitis, expects to resume her class work next Tuesday.

Miss Lillian Burke, of Carlinville, entered College on Tuesday of this week, having taken the prior work of this semester at Hamilton College, Lexington, Ky.

Rev. Charles A. Nyman received word by telegram on Wednesday that he had been appointed by Bishop Nicholson as chairman of the Life Service Department for Illinois Conference. This

Heat Garage to Save Radiator From Cold

If the small private garage is to be used during the winter, any car owner of experience will understand the necessity of heating it. The cold garage causes many ills besides the obvious one of freezing up the radiator of the car. In most cases it will cause more than enough damage and inconvenience fully to have paid for a complete heating plant. Most of the starting trouble so generally complained of in winter may be traced back to the cold garage. A sudden drop in temperature is bad for the parts of the engine and for the finish of the body, which are susceptible to marked expansion and contraction through changes in temperature. During the long nights of winter great drops often occur and a garage that is unheated subjects the car to unnecessary and dangerous tests. Ice in the batteries is another recognized evil resulting from the cold garage. Also there is the inconvenience of washing when the car is covered with frozen mud. If the car is cleaned with warm water to remove the mud and the garage is cold, the paint and varnish are apt to suffer serious damage, says a writer in Motor.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that "sick" feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded rain and how they "perk up" the spirits. 40¢ and 25¢ a box. All druggists.

The item in the Journal Thursday morning relative to the annual supper of Caritas Lodge, No. 625 Rebekahs was in error in saying the supper was to be served Thursday evening. The supper will be served this (Friday) evening at 6:30 o'clock. A program will be given after the supper.

ATTENTION G. A. R. Regular meeting of Matt Starr Post, No. 378, G. A. R., this evening. Installation of newly elected officers. A full attendance desired. J. M. Swales, Commander. C. E. McDougall, Adjutant.

CANDY COMPANY 29 South Side Square

Anyone who puts off buying farm wagons is going to be disappointed in the price and in fact that they will be unable to get them for a long time to come, factories are still working on government contract work with high priced labor and scarcity of material. We have on hand a few Studebaker Wagons that have been bought a long time and just came in. When they are gone we do not know where we can replace them. Please call and give us a chance to sell you one now while we have them.

GET THE CREAM

A Cream Separator pays for itself with extra money earned by you which you could not obtain without the Separator. Thousands of the best farmers have bought Cream Separators because they found them to be money-makers. Butter fat at \$1,450.00 per ton, is not to be over-looked. Out of 100 pounds whole milk by using a Cream Separator you will gain 1/2 pound of butter fat.

Butter at 60c per pound will give you an average gain of \$45 per year. \$45.00 pays interest on \$800.00 for nearly a year, or the entire cost of a Cream Separator. This is all extra gain made by using a Cream Separator. Besides, making this work a pleasure.

Great Pre-Inventory and LIBERTY SALE

Make Your
Dollar Do Duty
Now as
Never Before

We Have Several Reasons for Announcing this, The
Greatest Grocery Sale Ever Held in Jacksonville

THE FIRST IS that we have on hand a tremendous stock of high grade food products, of all kinds; the time is at hand when we must inventory; this work on a stock the size of ours will take several days' time of a large force and will seriously interfere with our regular duties. We want to move out more than \$18,000 worth, and have considered that to sell it at the prices necessary to move it quickly, giving our patrons and friends the benefit, is preferable.

THE SECOND IS that we are glad the war is over and that people may buy what they desire, and as much of it as they want. Also, that we are extremely grateful to the public for the manner in which they have patronized our stores and thereby shown their appreciation of our efforts. The prices on the articles shown below have been cut to bedrock. The same is true of everything in our stores. The stocks are fresh and brands standard. Our guarantee is back of every sale.
